Professional Summary

Motivated and detail-oriented Junior MERN Developer with a strong foundation in JavaScript, TypeScript, and Full Stack technologies. Proficient in building Frontend and RESTful APIs, real-time applications, and database management using MongoDB and MySQL. Passionate about writing clean, scalable, and maintainable code. Eager to contribute and grow in a collaborative development environment.

EDUCATION

Information Technology Institute - 4 Months

June 2023 - October 2023

Track: MEARN Stack.

Relevant Coursework: JavaScript, Typescript, NodeJs, Secure Coding, Cloud Computing, Design Patterns and MongoDB.

Information Technology Institute - 4 Months

November 2022 - March 2023

Track: Software Development Fundamentals.

Relevant Coursework: JavaScript, Data Structures, Database, and OOP.

Faculty of Commerce - Alexandria University

2016-2020

Department : Mangement Information Systems

SKILLS

Technical Skills : JavaScript, Typescript,React, NodeJs , ExpressJs, socket.io , MongoDB , MySQL,Redis.

Soft Skills : Problem-Solving , Team Collaboration , Attention to Detail.

Other Skills : Data Structure and Algorithms, Database, Design Patterns, OOP ,Secure Coding , Git

PROJECTS

Social Media App: Built a real-time social media API using TypeScript,Reactjs, Express.js, and Socket.io, with Redis for caching and real-time data management. Implemented OAuth2 for Google Sign-In authentication. Used Docker to containerize and manage the application efficiently. ([Preview](#))

E-Commerce App: Designed and developed a full-stack e-commerce platform with React for the frontend and Node.js with Express.js for the backend. Integrated MongoDB for database management and Cloudinary for handling media uploads. Implemented key features such as user authentication, product listings, and a shopping cart. ([Preview User Side](#))

(([Preview Admin Side](#)) admin Email: abdullahM196@gmail.com , admin Password : Abdullah_196)

Blog API: Developed a RESTful API for a blog using Node.js and MySQL for structured database management. Integrated Firebase Cloud Storage for image uploads and used Jest for testing API functionality. ([ViewCode](#)).

EXTRA-CURRICULAR ACTIVITIES

- **Personal Portfolio Website** Developed a responsive personal portfolio website using Next.js and Tailwindcss . The website features an interactive gallery and a contact section and is fully optimized for mobile devices.
- **Online Courses:** Completed courses on Next.js , tailwind css , MongoDB and MySQL Algorithms And Data Structures in JavaScript, Redis, from YouTube.
- **Coding Practice:** Regularly solve coding challenges on Codewars to enhance problem-solving skills and proficiency in JavaScript
